Information provided by the provider describing their agency:

Founded in 1982, Work Opportunities Unlimited is a community-based employment service provider specializing in placing job seekers who experience barriers to employment. Our services are designed to give youth and adults, who may experience a disability or other barrier, the opportunity to obtain competitive employment with businesses in the community. Our company has grown from one person to a workforce of hundreds that serves thousands of adults and students annually.

The success of our company is driven by the strength of our team. We work closely with our employees to create an innovative, creative and rewarding work environment in which we all thrive.

We network within communities, generate and cultivate strong relationships with local businesses and develop partnerships with employers to secure community-based, long-term employment for our diverse roster of clients. By embracing this spirit of partnership, we deliver superior service while offering a rewarding career for enthusiastic individuals.

Supported employment services include the development of community-based employment, supplemental training, and long-term job site supports. Job site training will be in addition to the training the employer naturally provides. In addition, the role of Work Opportunities is to assist with the customer's independence level through the development of natural supports. The development of natural supports involves building capacity within supervisors and coworkers at the job site to support the customer on the job. If transportation training is necessary, Work Opportunities will also assist the customer in identifying the best transportation method, train them to utilize the resource successfully and ensure the customer effectively and safely utilizes the resource long-term.
